

WALKABLE + BIKEABLE

**6PM
JULY 29TH**

Could the Middlesex Village Center be remade so walking and biking are more appealing? Would such improvements foster creative redevelopment and support existing commerce in our Village core?

The Middlesex Planning Commission invites you to join our public Zoom meeting to review early concept plans. We want to hear what you think and your ideas on the future look of our village.

QUESTIONS? Call Sandy Levine, 223-1192
